ABHINAV BHAT

New York, NY | +1 (646) 637-3455 | ab14664@nyu.edu | linkedin.com/in/abhinavbhat1

NYU M.S. Computer Science student and former Honeywell Tech Lead with experience in data pipelines, test automation and generative AI validation. Clinical AI research with NYU Langone and Harvard Medical School. **Seeking Summer 2027 internships in software engineering, data engineering and applied AI.**

EDUCATION

New York University, Courant Institute of Mathematical Sciences — New York, NY
M.S. Computer Science — Expected May 2028
Coursework: Machine Learning, Operating Systems, Programming Languages

Manipal Institute of Technology, Manipal Academy of Higher Education — Manipal, India
B.Tech. Computer Science and Engineering — Nov 2022

TECHNICAL SKILLS

- **Programming:** Python, SQL, Java, C++, C, R, Bash, PowerShell, Groovy
- **Data engineering:** Snowflake, dbt, Kafka, ETL pipelines, data quality, Docker, Kubernetes, REST APIs, microservices, Power BI
- **ML and AI:** scikit-learn, PyTorch, TensorFlow, Hugging Face Transformers, JEPA, computer vision, contextual bandits, model evaluation
- **Testing and DevOps:** Pytest, Great Expectations, TestNG, Maven, JMeter, Grafana, AppDynamics, CI/CD (Bamboo, Octopus Deploy), Git

EXPERIENCE

Honeywell — Bengaluru, India

Tech Lead / Data Validation Engineer — Sep 2024 - Jul 2026
- Promoted from Data Validation Engineer (Sep 2024) to Tech Lead (May 2026); led five engineers on pipeline design, test strategy and release readiness for two enterprise platforms.
- Engineered Snowflake and dbt ETL validation frameworks to catch schema drift, silent corruption and data leakage before release.
- Automated warehouse log ingestion and validation across platforms; reported health metrics in Power BI.
- Validated GenAI data migrations using integrity checks, coverage analysis and root cause analysis.

Performance Engineer — Oct 2022 - Sep 2024
- Designed REST API benchmarking and regression suites with TestNG and Maven and integrated them into CI workflows.
- Developed capacity planning frameworks in JMeter and Groovy and tuned high-load releases using Grafana and AppDynamics.
- Implemented Kubernetes-based CI/CD pipelines with Octopus Deploy and Bamboo, reducing engineering turnaround time.

Software Engineering Intern — Jan 2022 - Jul 2022
- Built a unit testing web app and automated ISO builds with Python and PowerShell on a firewall-protected network.

RESEARCH AND PUBLICATIONS

NYU Langone Health - Sumit Chopra Lab | *Research Assistant (volunteer)* — 2026 - Present
- Investigate pre-contrast to post-contrast 3D breast MRI prediction, exploring LeJEPA-based representation learning.

Harvard Medical School / Beth Israel Deaconess Medical Center | *Research Collaborator (Dr. Yuri Quintana)* — 2025 - Present
- Designed PACD, a contextual bandit framework for personalized cardiovascular medication adherence within clinician-approved action sets. **Accepted poster, AMIA 2026 Annual Symposium.**

Prasanna School of Public Health, Manipal | *Research collaboration* — 2025
- Bebarta, N. K., Prabhakaran, A., **Bhat, A.**, et al. (2026). Artificial intelligence-based approaches for monitoring medication adherence among cardiovascular disease patients: a scoping review. *BMC Medical Informatics and Decision Making*, 26, 132. **Published Mar 13, 2026.**

Manipal Institute of Technology and Deakin University | *Research Collaborator* — 2024 - 2026
- Benchmarked LSTM late fusion against a cross-modal Transformer for depression detection (AVEC 2017); found 0.07 depressed-class recall despite 72% accuracy and set balanced reporting metrics.

Manipal School of Information Sciences | *Breast histopathology research* — 2025 - 2026
- **Bhat, A.**, Prasad, K., et al. (2026). Automated mitotic figure detection in breast histopathology: a systematic review. *Manuscript ready for submission.*

LEADERSHIP AND HONORS

- **NIDHI-EIR grant recipient (2019):** Won funding for low-cost 3D-printed prosthetic splints built with KMC Manipal Orthopaedics.
- **Honeywell Bronze Award (3x):** Recognized for engineering quality and delivery.
- **National Board Member, IAESTE India (2019 - 2021):** Led national operations and international relations across 10+ committees.
- **Content and Marketing Head, IAESTE Manipal (2018 - 2019):** Grew social media engagement to 1,500+ followers; set benchmarks cited by IAESTE global leadership.
